RE-DEDICATION OF ST. MARGARET MARY CATHOLIC CHURCH

The re-dedication of St. Margaret Mary Catholic Church last Sunday was an occasion of great interest not only to the congregation but to the whole community. At a ceremony of impressive dignity His Excellency, the Most Rev. Thomas J. McDonough, Auxiliary Bishop, of the Diocese of St. Augustine, celebrated the Mass, assisted by the Rt. Rev. Abbot Francis, Lord Abbot of St. Leo's Abbey; the Rev. Father Daniel Hegarty, priest at St. Mary Margaret; the Rev. Father John Love of the Chancery Office, St. Augustine, and the Rev. Father John Fitzpatrick, St. James Church, Orlando.

Last February, on Ash Wednesday, the church was almost destroyed by fire. Sunday's re-dedication was of a practically new edifice which rose from the ashes of the destroyed church.

H. W. Barnum, a resident of Winter Park for 30 years and a pioneer member of St. Margaret Mary, was the master of ceremonies. He told of coming to Winter Park in 1917 when there were two Catholics in the town and how now the rolls of the church showed 703.

Praises were heaped on Father Hegarty by Winter Park's Mayor B. R. Coleman, George Phillips, president of the Holy Name Society and general chairman of Sunday's events; Mrs. Carl Cooling, president of the Catholic Woman's Club; Leonard Bumby,

SHAKESPEARE READINGS AT VIRGINIA INN

Kathryn Collier Bodkin, charming Shakespearean actress, will open her series of six successive Tuesday afternoons next Tuesday, January 18th, with "Hamlet." Mrs. Bodkin says, "I will treat the whole play from the human and dramatic aspects, rather than the academic—and also, I shall endeavor to emphasize some of the scenes and speeches which have, of necessity, been left out, in the movie version."

These delightful occasions will be held in the Lounge of the Virginia Inn from 3:00 to 4:00 o'clock, followed by an informal tea for members of the group. All those wishing to become a member for the entire six lectures should have their applications in by Monday to Dorothy Lockhart, address, Winter Park.

Edwin Granberry, prize winning author, playwright and professor of creative writing at Rollins College will introduce Mrs. Bodkin at her opening lecture.

TOWN HALL SERIES OFFERS FAMOUS TRAPP FAMILY OF SINGERS

America's favorite musical family, the renowned and colorful Trapp Family Singers, will give a concert in Winter Park High School Auditorium on Friday evening, Jan. 21st at 8:15 as the second attraction in the Town Hall Series, presented by Dorothy Lockhart. This is the tenth anniversary tour of this extraordinary ensemble of singers and musicians whose annual visits have become welcome events in dozens of American cities.

Presenting their programs of classic art songs, appealing folk-songs and rare church music, the Trapps have been responsible for the revival and popularity of such old instruments as the recorder and the blockflute upon which they will perform here.

The Rev. Franz Wasner, who was chaplain to the Trapp family in their old home in the Austrian Tyrol before the war, is now the director of this ensemble. All of

LELAND STOWE SAYS SOVIET CRISIS NEED NOT RESULT IN WAR

Leland Stowe, noted war correspondent, opened Dorothy Lockhart's Town Hall Series Tuesday night and gave the large and attentive audience a very encouraging view in his address on "The Soviet Crisis." We need a calm discussion of relations with the Russians, said Mr. Stowe, and even if we are disappointed after three years of fruitless negotiation we must not be led into any rash assumption that we must sooner or later fight them. He excoriated the view expressed by some "keyhole columnists" that if we had a war with Russia and won it quick we "would be better off." "Any war is suicidal," declared Mr. Stowe. "We would be the biggest losers as we are the only great nation that has anything to lose. Capitalism could not survive."

Salient features of Mr. Stowe's address: War is not inevitable; the Russians are known to have overplayed their hand in Germany and alienated popular feeling; they have suffered a serious defeat in prestige matched by the success of the "air-lift" which demonstrates convincingly our tremen-

BUNDLING COMEDY AT ANNIE RUSSELL THEATRE OPENS TUESDAY NIGHT

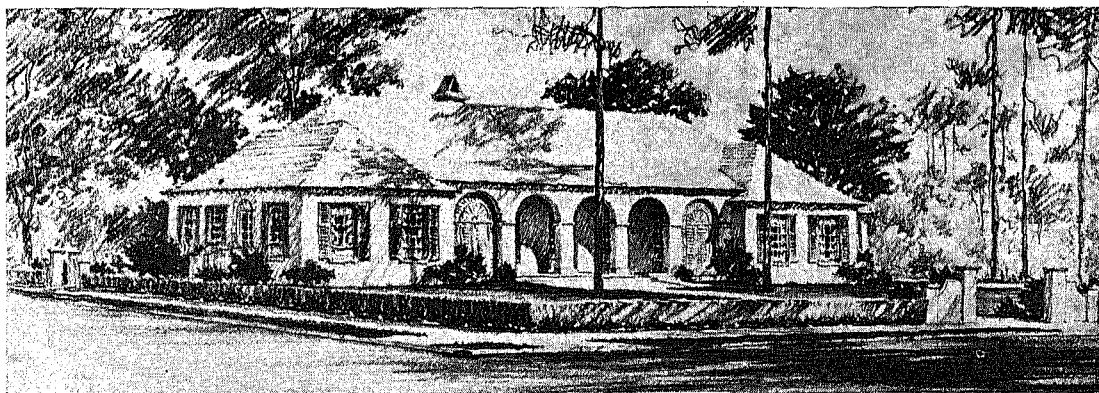

The charming comedy "Pursuit of Happiness," the second production of the season at the Annie Russell Theatre will open Tuesday, January 18 after a special performance the preceding evening for a selected audience. The play will run through January 22 with a special matinee performance on that date.

Produced first at the Westport playhouse, Westport, Conn., "Pursuit of Happiness" was produced in New York the fall of 1933 and became an immediate success. Written by Armina Marshall and her husband Lawrence Langer, the famous executive director of the Theatre Guild, it became known as the "bundling play" since this is one of the themes amusingly dealt with. A movie version was later filmed and plans are being made at present to include a musical version on the proposed schedule for next year's season in New York.

The story involves a young Hessian soldier who deserts the English forces so that he might join the American army and later become a citizen of this country. Placed on parole with a New England family whose young daughter soon falls in love with him, the soldier finds himself unable to comprehend the inconsistencies of American life without extremely amusing mishaps.

The Rollins production stars a student cast of eleven under the direction of Wilbur Dorsett. The cast includes Ranny Walker, Cynthia Crawford, Nan Van Zile, Sidney Lanier, Gerald Honaker, J. B. Bartlett, Sam Burchers, Margy Mountcastle, Corky Scarborough, Bob Elman and Dick Preu. Sets are being designed and built by Dick Verigan, costumes by Dick Hill, with Cameron McCardell as stage manager.

Tickets for the production may be procured at the box office in the afternoons from 2 to 5 or on the evenings of the production.

the Trapps are now American citizens, the girls by naturalization last winter, and the boys by virtue of their service in the United States Army.

For their appearance here, the Trapps will appear in the colorful native costumes of the Tyrol, the girls and their mother in floor-length dirndls with vari-colored aprons and shawls and billowy white blouses; the boys in picturesque gray-and-green Tyrolean hunting suit.

In addition to their folk songs of middle Europe, the Trapps will offer their unmatched skill at yodeling, that form of musical language without words which has been handed down by Tyroleans for generations, but which is fast becoming a lost art.

When they are not on tour the Trapps live on a picturesque farm in the Green Mountains near Stowe, Vermont. Here in the summer, the Trapps conduct a music camp that attracts hundreds of visitors from all over the United States.

RANDOM NOTES

The romance and tragedy of Scotland, its beauty and rugged individualism were charmingly portrayed by Prof. Frank W. C. Hersey, formerly of the faculty of Harvard University, at the first two lectures sponsored by the Unitarian Women's Alliance in the Woman's Club last Monday. A large audience enjoyed the beautiful color pictures of Scottish

scenes and drank in every detail of the absorbing story of history and adventure. Especially impressive was the account of the murder of the "Red Fox" which was witnessed according to Robert Louis Stevenson's "Kidnapped" by David Balfour and Allan Breck. Mr. Hersey himself was successful in solving the 200-year mystery of the real murderer. Appropriately enough the lecture was brought to a close with the singing of "Auld Lang Syne," led by Mrs. Lucia Hammond.

Winter Parkians are much pleased to note the re-opening of the Rosemarie Tea Room at 334 Park Avenue, N. in the Phillips Block, and many informal luncheon and tea parties were given this week in this charming little rendezvous. The Rosemarie also does catering for small weddings. The tea room is open on Sunday for dinner from 1:30 to 7 p.m.

Many compliments have been extended to Miss Eve Proctor, for the planting of decorative palm trees along the front of the Phillips Block on Park Ave. N. Dr. George H. Opdyke was host at a luncheon on Tuesday at the Alabama Hotel in honor of Leland Stowe, distinguished speaker on the Town Hall Series Tuesday night. All of the guests, including Mr. Stowe, were graduates of Wesleyan University, Middletown, Conn. Those attending were R. C. Baker, Bishop John Gowdy, Prof. George M. Dutcher, Franklin A. Galloway, Clarence M. Day, Prof. Norman E. Gilbert and Alexander Stevens.

Mr. Stowe gave a thrilling account to the guests of his experiences during the last war, the most striking being the story of how he happened to be the only reporter to break the news to the world of the arrival of the Germans in Norway.

The Norwegians had been suspicious for sometime that the Germans were planning such a move, but their suspicions had been entirely disarmed by assurances, through Quisling, that they had no such plans. So the reporters had decided to leave Norway and go into Sweden. But Mr. Stowe and another correspondent were still suspicious, because of the actions and definitely German appearance of a group of men living at the Oslo Hotel, who seemed to be expecting something important to happen. Mr. Stowe and his colleague decided to remain another day. So it was, the next day, the city was appalled to see coming down the main street, German trucks, armed with guns pointing to right and left, ready to shoot into the hastily assembled people coming out of their homes and business buildings, unable to comprehend what was taking place. Overhead airplanes were droning in ominous tones. Finally some police officers tried to make resistance but when told by the

German officers to "Stand Back," they had to take orders themselves. The troops then fanned out in all directions—all of the action coming so unexpectedly that the city was in the enemy's hands before the Norwegians knew what had happened.

Mr. Stowe, with the other reporter, decided quickly that the best way to tell the world would be to put through a long distance call to a private party in Holland, so as to seem very casual and not be suspected. The call went through without any delay, the Germans probably being pretty well occupied with many other things—and the "private party" got the message to a correspondent, who relayed it to the press.

In a few hours Mr. Stowe and his friend were taken safely to the Swedish border through the help of the American wife of a Norwegian friend in Oslo.

The LeRoy B. Coffman home on Palmer Avenue, formerly the Charles F. Schmidt residence, was the scene Wednesday of a very charming tea for the benefit of the March of Dimes with Mrs. Roland F. Hotard, Jr., general chairman. Table decorations in the dining room were of Betsy Ross roses and pastel garden flowers. The terrace was also open to the guests. Presiding over the tea were Mrs. A. B. Watrous, Mrs. W. W. Nelson, Mrs. Willard Wattles, Mrs. R. C. Baker and Mrs. Frank A. Mizener. Assisting were Mrs. Wooda B. Elliott, Mrs. R. F. Hotard, Jr., Mrs. W. R. Rosenfelt, Mrs. Terry Patterson and Mrs. Wilbur Davis. Mary Margaret Howard and Janice Meyers were at the front door to greet the guests.

Plans for the Style Show and tea, to be put on next Tuesday afternoon, Jan. 18th, at the Woman's Club by the Woman's Auxiliary of All Saints Church, are just completed, and it is anticipated that a large gathering will attend. The proceeds will be used to purchase equipment for the recently enlarged Parish House.

Mrs. Butler Neide and Mrs. W. R. Rosenfelt are co-chairmen of the show. Members of St. Elizabeth's Guild, Mrs. J. Carleton Bell, chairman, will pour at the tea hour; St. Ann's, Miss Matilda Campbell, chairman, will have charge of decorations; St. Cecilia, Mrs. Chisholm, chairman posters; St. Mary's, Mrs. Dan Clarke, chairman of publicity and Mrs. J. K. Galloway, chairman of refreshments; Mary-Martha, Julia Ray, chairman, purchasing supplies. Mrs. D. J. McCreery has charge of models. Young girls of the Y. P. S. L. will serve.

The models: Mrs. Ralph Ely, Mrs. Betty Stokes, Mrs. Robert Laurence, Mrs. Paul Harris, Mrs. James L. Duncan, Mrs. Grace Hill, Mrs. James D. Colt, Mrs. Norman

Zoe Shippen, the artist, who now makes her home in Beverly Hills, Cal., is planning to come East this month to visit her parents, Dr. and Mrs. Eugene R. Shippen. She has done pastel portraits of the children of many of the Hollywood stars, among them Joan Crawford, Eve Arden, the Fred Astaires, the Edgar Bergens, the Gary Coopers, the Walt Disneys, and the Kay Kysers. Before going to California, Miss Shippen was warned that the Hollywood colony offered a poor opening for an unheralded artist, but according to the reports of her friends, she has made unexpected success. Late in January Miss Shippen will have an exhibition of her portraits in Palm Beach where orders are awaiting her.

Dr. Frank M. Carpenter and his sister, Mrs. Willard L. Glass, of 1291 Lake Avenue, Rochester, N. Y., are spending the winter at 510 Henkel Circle.

Mrs. Annabel Ledlie Berry the portrait and landscape painter is occupying her residence on Hampton Court and has with her for the winter Miss Lillian Webb and Miss Julie C. Pratt, both of New York. Miss Webb has made a success of conducting parties for children.

The wedding of Mr. and Mrs. Tiedtke in Toledo, Ohio, was a social event of the autumn. The bride was the former Sylvia Southard, of Toledo, daughter of Princess Alfred Hohenlohe, of Stanaich, Austria. Princess Hohenlohe, who came here to attend her daughter's wedding, is visiting Mr. and Mrs. Tiedtke until the fifteenth of the month.

The reception was held at the Ravndal home on Spring Lake Drive from 5:30 until 7:30 P.M. before going to dinner at the Orlando Country Club.

NOTED FLUTIST TO PLAY AT FESTIVAL

One of the outstanding features of the annual Bach Festival of Winter Park is the engagement of a group of distinguished instrumental soloists from New York. Foremost among the visiting artists for the Festival to be held on March 3rd and 4th next is Frederick Wilkins, who is considered without a peer as a flutist, and in addition is a masterly interpreter of Bach's music. The characteristic soft, mellow beauty of the instrument and its refreshing brilliance are effectively realized in Mr. Wilkins' playing.

Few composers were more sensitive to the various tone colors of orchestral instruments than Bach, and the artistic success of many of his most affecting passages depends upon the technical skill and understanding of the players. It is with this belief that such a player as Frederick Wilkins has been engaged for the Winter Park Festival.

Attendance at the Bach Festival is reserved for those who participate by becoming sponsors as no tickets are sold at Knowles Memorial Chapel. For information address the Bach Festival Society, Box 745, Winter Park, Fla.

Frederick Wilkins returns to Winter Park for his second appearance in the Bach Festival. Since his last visit in 1947, Mr. Wilkins has been flute soloist with such famous organizations as the Oratorio Society of New York in their annual performance of the B Minor Mass at Carnegie Hall and the Collegiate and R.C.A. Victor Choral under the direction of Robert Shaw. Mr. Wilkins' flute is heard in solo parts on the Victor recordings of the Bach B Minor Mass, Magnificat and the Brahms German Requiem, all

under the direction of Robert Shaw.

For many years as soloist of the Radio City Music Hall in New York City, Mr. Wilkins was heard over coast-to-coast networks under the direction of Erno Rapee and other famous conductors. In the spring of 1948 he made the television debut with Toscanini and the N.B.C. Symphony.

As first flutist of the Chautauqua Symphony orchestra Mr. Wilkins premiered Henry Brant's "Colloquy" and Anton Coppola's brilliant transcription for flute and orchestra of Paganini's "Twenty-fourth Caprice." Both pieces were especially written for him for presentation at the Chautauqua Diamond Jubilee.

Beside his duties with the New York City Ballet Society and Metropolitan Opera Auditions of the Air, Mr. Wilkins is faculty member of the Julliard School of Music, Manhattan School of Music, Teacher's College and the Chautauqua School of Music.

PROF. W. C. HERSEY TO LECTURE ON "ROMANTIC PARIS"

"Oh, fair dream city, in which the highest passions of the spirit have found a dwelling place, in which so many human hearts have suffered and strived and starved for beauty's sake, in which always there have lived laughter and agony and tears, where liberty was cherished as well as murdered and where love has redeemed a thousand crimes!"

On Monday, Jan. 17 at 4:00 p.m. at the Woman's Club, the Women's Alliance of Winter Park will again present Prof. F. W. C. Hersey in an illustrated lecture on "Romantic Paris," a Walk with Dumas, Hugo, Dickens.

With them and the aid of Prof. Hersey's fine colored slides, the audience will be guided through the streets of mediaeval Paris in which Dumas' famous "Musketeers" D'Artagnon, Porthos, Athos, and Aramis walked and fought, they will visit the scenes of Hugo's "Hunchback of Notre Dame," and "Les Miserables," Dickens' "Tale of Two Cities" and the more modern Paris of Du Maurier's Peter Ibbetson and Trilby. They will walk through the Place des Vosges, where lived Mme. de LeVigne, Cardinal Richelieu, and later Victor Hugo; also the ancient historic Hotel de Seus, home of Queen Marguerite of Valois, wife of Henry of Navarre. Among pictures of revolutionary Paris, the audience will see reproductions of old engravings of scenes of the revolution made by artists of that period.

They will walk along the banks of the Seine, and the Grand Boulevards, through the Latin Quarter, and get glimpses into picturesque and historic nooks and corners which contribute to the lure of Paris.

In this lecture, Prof. Hersey's audience, like the enthusiastic audience which heard his lecture on Scotland, will see how the great novelists have infused the atmosphere of scene and city into their works.

The proceeds of the lecture are for the benefit of the Over Seas Relief Work for Children carried

on by the Unitarian Service Committee, and other philanthropic interests of the Unitarian Alliance.

A large and appreciative gathering of officers, members and invited friends of the Girl Scout Organization of Winter Park were delightfully entertained last Monday evening when Dr. J. W. W. Walker of Syracuse, N. Y., and Winter Park, showed his interesting colored slides of scenes taken at Cooperstown, N. Y., last summer during the biennial World Conference of Girl Scouts and Girl Guides. The pictures were shown in the main auditorium of the University Club.

The Girl Scout Council was most appreciative of Dr. Walker's kindness in presenting such good entertainment.

OLIVER K. EATON TELLS OF SOUTH AFRICA

Oliver K. Eaton, Esq., well-known resident and president of the University Club, was the speaker in the second of the Community Lecture series last Monday evening. He presented tellingly and graphically the historical development of the Union of South Africa, the conflict of racial strains and ambitions in the country, and the amazing growth and wealth of the country.

As with the native Indian population in the United States of America, Portuguese, Spanish, Dutch, English invaders successively had to face the native Bantu and Zulu peoples, subject them into servitude, use their energies in mines—diamond and gold, agriculture, trades and crafts, and to superimpose upon them the white man's ideas of law and order.

Now still out-numbered by the same dark peoples, the problem of the Union of South Africa is the housing and care of those same "natives," with their continuing superstitions and ritualistic practices. There are three non-white persons to every white in the country as a whole, though the distribution varies in the large centers of Johannesburg, Durban, and Port Elizabeth.

With his special interests of social welfare and legal setup Mr. Eaton naturally saw sides of South African life which the more casual tourist would overlook. The influence of great personalities, like Cecil Rhodes and General Smuts, and Oom Paul Kruger were also stressed by Mr. Eaton. And the speaker ended his masterly exposition with a stirring tribute, in Kipling's words, to Cecil Rhodes, "whose soul was her soul," whose dream unseen by him, but a reality now, was the Union of South Africa.

"CHRISTIANITY'S RESPONSE TO COMMUNISM"

Dr. Louis Schulz, pastor of the Congregational Christian Church of Winter Park, will be the third speaker in the Community Lec-

ture series, on Monday evening, January 17, at 8 o'clock in the church. His subject will be one in which he is deeply interested, and on which he did special study this past summer at Union Theological Seminary, New York, "Christianity's Response to Communism."

Dr. Schulz's life has been singularly varied, since he has been in business; served in the engineer corps during World War I; and after preparation at Temple University in Philadelphia, earning his several degrees of bachelor of science, master of sacred theology, and doctor of sacred theology, entered the ministry. For his outstanding work in the graduate school he has been elected to the Society of Biblical Literature and Exegesis of Union Theological Seminary.

After pastorates in New Jersey, Pennsylvania, and Lake Worth, Florida, Dr. Schulz came to Winter Park three years ago. He has in that short time made a deep impress upon the community, as well as in the church. He has served as chairman of the Community Chest Drive; is a member of Rotary, and an adviser to the Scout troops. He is also moderator of Federation of the Congregational Churches in Florida.

The public is invited to the lecture and the usual offering will be taken for the missionary and welfare projects of the Woman's Union under whose sponsorship the series of lectures is held.

MRS. WILLIS WASHBURN DESCRIBES PROGRESS OF WOMAN SUFFRAGE

Mrs. Willis Washburn of Winter Park took part in a broadcast given by the Winter Park-Orlando League of Women Voters last Saturday afternoon. In this broadcast the history, aims and program of the league were described. Mrs. Washburn who was a suffrage worker and charter member of the league told how it was organized by Mrs. Carrie Chapman Catt among the voters of twelve states that had suffrage before National suffrage was won. She described the pandemonium that broke out when in the midst of Mrs. Catt's speech word was brought in that another state, Missouri, had granted suffrage to women. She said that in the beginning the women thought the league would educate itself and 20 million women in about five years and then the work would be over. It is still going on.

Miss Margaret Piper, president of the local league and Mrs. Henry Killen of the Florida State League talked of the work it is doing now covering study and action in such varied fields as "How to Strengthen the United Nations," "Proper Detention Homes for Delinquent Children of Orange County," and a new charter for Winter Park.

The next broadcast in the series will be heard on Saturday, the 15th at 1:15 over WHOO when the group studying the U.N. will report to the public.

MRS. RANDOLPH CONGDON

The death of Mrs. Randolph T. Congdon, after so short an illness was a great shock and grief to her many friends in Winter Park.

Dr. and Mrs. Congdon were two of the most popular of the winter residents. They came here from Canajorie, N. Y., to the Mayfield Apartments and entered heartily into the life of the town, joining the Woman's Club and the University Club. The Congdons were former residents of both Potsdam and Albany, N. Y., and they had traveled extensively in Europe and the Far East, but found in Winter Park the ideal place for their winter home.

Mrs. Congdon is survived by her husband and one daughter, Mrs. C. A. Spring of Melrose, Mass., and by three granddaughters. Mrs. Congdon's death is a great loss to the community.

"HISTORY WON'T WAIT" RAYMOND SWING'S TALK FOR WORLD GOVERNMENT

One of the nation's most interesting personalities among the top radio news analysts will bring his message of the path to world peace to Central Florida Thursday night, Jan. 27 at 8:15 P.M. when Raymond Swing presents his distinguished lecture "History Won't Wait" at the Memorial Junior High School auditorium in Orlando under the auspices of the Winter Park and Orlando chapters of the United World Federalists.

Swing, known to millions for his clear, concise and acute commentaries on world affairs for many years over the American airways, has recently returned from a study trip to Western Europe and Germany to obtain first hand information on which to base his opinions and decisions on the issues of European reconstruction and recovery.

He will be introduced by Pres. Hamilton Holt of Rollins College,

long an authority on international affairs and a strong advocate of world peace movements, as well as a supporter of the World Government program.

Swing was born in Cortland, N. Y., attended Oberlin College and Conservatory of Music, and began his career as reporter on the Cleveland Press in 1906 at the age of 19. He soon rose in his profession, becoming managing editor of the Indianapolis Sun, when he went to Germany as Berlin correspondent of the Chicago Daily News. During World War I he was one of America's leading war journalists, scoring many scoops of major proportions.

After the war he served 12 years in London for various American newspapers, and then joined "The Nation" as a member of the board of editors. It was at this time he entered his career as a radio newscaster and commentator, which has brought him fame equal to that of any other man in his field for his keen sense of evaluation and penetrating gift for analysis.

Tickets are available in Winter Park for Swing's lecture from Mrs. Joseph D. Robinson, telephone 182, and from Mrs. A. S. Wickam, at 459-M.

BRONZE PLAQUE ERECTED IN MEMORY OF LATE MISS GRACE O. EDWARDS

A bronze plaque, in memory of the late Miss Grace O. Edwards, was set up Wednesday morning in the azalea "island" near the intersection of Morse Boulevard and East Park Avenue, by members of the North End Circle of the Garden Club, who wished to show their affection and regard for one who had organized the Garden Club and was its first president, from 1922-1926.

Mrs. Willard Wattles, who is now the president and who was a close friend of Miss Edwards, paid her warm tribute, having been introduced to those present by Mrs. Frederic Dunn-Rankin chairman of the North End Circle. Also speaking were Mayor B. R. Coleman, long time friend and neighbor, and Miss Matilda Campbell, who originated the idea of the memorial. Miss Campbell made the dedicatory remarks. Miss Ann Kyle, a prominent member of the club, unveiled the plaque. Miss Anne Marsh, chairman of the project, turned it over to the city for its keeping and enjoyment.

It was accepted by Mayor Coleman and Mr. J. B. Hooper, superintendent of streets.

The memorial is set in coquina rock and is surrounded by dozens of lovely pink azalea plants, now in full bloom.

After the service, members of the North End Circle held a meeting at the home of Mrs. Dunn-Rankin of Interlachen Avenue and at the close were served coffee and sandwiches in the walled patio.

The artistry with which her music groups perform, and the enthusiastic interest of the students testify to the splendid progress of music being carried on in the local schools.

Mrs. Jack F. Howden, executive vice president of the Orlando-Winter Park League of Women Voters, will be the speaker on Friday afternoon at 3 o'clock, under the auspices of the department of American Home, Mrs. Eugene R. LELAND STOWE*(Continued from Page 1)*

dous strength in air operations; things can change in Russia, and Stalin is not going to live forever; another defeat for Moscow is Tito's regime in Yugo-Slavia where it is up against its own brand of police and can't break through to murder him; the new and strong development of the consciousness not only in Europe but in Asia that nationalism must give way to federation—a concept of Aristide Briand which 20 years ago was laughed at in the days of the League; the federation of Western Europe to counterbalance Russia is coming, although we are only crawling when we should be walking vigorously forward on a constructive peace program; all mankind senses that the only way to survival is through federation.

Mr. Stowe was at his best in the question period, answering and developing his ideas with vigor and assurance. As to China he said there is nothing that can be done now to stop the Communists but that when the Reds once start to running China they will find far more substantial opposition than Chiang Kai Shek's armies; that China's great defense is a "wall of feathers" by which the Chinese apparently always agree to what they are told to do but never do it.

Mr. Stowe paid high tribute to Dorothy Lockhart for the presentation of such a series of meetings as the Town Hall in which all viewpoints can be presented to the public.

DR. SAUTE STATES THE CASE FOR WORLD GOVERNMENT

"We ask only that nations give up their theoretical right to destroy other nations and be destroyed themselves," asserted Dr. George Saute, in his lecture "Progress Toward World Government," second in the John Martin Series at the Congregational Church yesterday afternoon.

Dr. Saute is an active proponent and worker in the United World Federalist movement which seeks to establish a World Government based on law and with a police force to carry out its decisions.

The movement has made great strides but has a long way to go, said Dr. Saute, and success will be measured by the amount and quality of public participation in its organization.

A SHELL USED FOR WINDOW GLASS

A very unusual shell is on special exhibit this week at the Beal-Maltbie Shell Museum, Rollins College.

It is a bivalve shell, which because of its large size, almost perfectly flat form, extreme thinness, and its translucency has been and still is used for window glass in the Philippines and China. Natives cut this thin shell into squares and fit them together to make window panes. Even when regular glass is available, the people prefer to use this shell, because it does not shatter as glass does. This odd shell can be separated into thin sheets like the mineral mica.

Also on exhibit is a lovely lampshade made from the window glass-shells. This was constructed

by a New York man who brought back a number of the shells from the Philippines with the idea of making lampshades from them on a large scale. But he soon discovered that they were difficult to work with due to their extreme thinness, and so abandoned the idea after only a limited number had been finished. The shade on exhibit was loaned to the Museum from this special display by Miss Leona Lyle, Winter Park.

The Beal-Maltbie Museum, which displays shells from all over the world in modern fluorescent-lighted cases, is located on the Rollins College campus, Holt Ave. It is open to the public daily from 10 A.M. to 5 P.M. except Sundays when it is open from 2 to 5 P.M.

DR. VOLKEL TO BE PRESENTED IN ORGAN RECITAL

The Central Florida Chapter of the American Guild of Organists will present Dr. George William Volkel distinguished New York organist, in recital on Thursday evening, January 27, at 8:15 o'clock in Knowles Memorial Chapel, Rollins College. This talented artist, who is organist and choirmaster of All Angels' Episcopal Church, New York, and a member of the faculty of the School of Sacred Music of the Union Theological Seminary, is well known to many Winter Park and Orlando residents who spend a part of their summers at Chautauqua. Dr. Volkel has been the official organist of Chautauqua Institution for the past seventeen summers, where, besides giving a series of a dozen recitals, he also directs the Motet Choir in the daily morning services.

Dr. Volkel is a graduate of the Juilliard School of Music, New York, where he held a Fellowship in conducting under the late Albert Stoessel. He was made a

member of the faculty during the final year of his Fellowship, teaching orchestral score-reading. He holds the degree of Master of Arts from his Alma Mater, New York University, and the degree of Fellow of the American Guild of Organists. As a graduate of the Guilman Organ School (at that time under the direction of Dr. William C. Carl) he won highest honors and the Gold Medal. The degree of Doctor of Sacred Music was conferred upon him by the School of Sacred Music of the Union Theological Seminary in 1946.

As guest artist, Dr. Volkel has appeared several times at conventions of the Guild of Organists. He has participated in the Bach Festivals of the Juilliard School and as soloist with the Juilliard Symphony Orchestra under Albert Stoessel. He played the organ for the Bach Festival of Winter Park in 1946.

In 1946, Dr. Volkel's composition for chorus, organ, and piano—"Benedicite"—was chosen for performance during the Worcester (Mass.) Festival. In 1947, he was again honored by the Festival in its choice of his "Symphony of Psalms," a work on large scale for chorus, baritone solo, and orchestra. On this occasion, which was its world premiere, Clifford Harvuot, of the Metropolitan, was soloist. The Philadelphia Orchestra played the score, under the direction of the Festival's late Choral Conductor, Walter Howe.

Both the "Benedicite" and the "Symphony of Psalms" will be sung this Spring in the Riverside Church, New York City, under the direction of Richard Weagly, with the composer at the organ.

OUR NEW MANAGER AT VIRGINIA INN

Winter Parkians who have grown so used to seeing Jack Hennessy at his post of manager of the Virginia Inn during the past 30 years regretted very much to hear that he would not be with us this season. Jack was a friendly person who couldn't walk from the Inn to the bank without stopping at least a dozen times to chat, and his appearances on the stage of the Annie Russell Theatre, (who will ever forget his vociferous "Teddy Roosevelt?") and the marvelous minstrel shows which he used to give at the Valentine parties at the Inn will long be remembered.

But if Jack must leave us it was well that he left behind a successor who had come along in the hotel management under his tutelage as well as being his own nephew. So the new manager of the Inn, Mr. William J. Cotter, comes on the scene with excellent preparation. It was his father, James A. Cotter, who way back in 1926 bought the Inn from Mr. R. P. Foley, father of Mr. Sherwood Foley, manager of the Semnole.

Mr. Cotter is a graduate of Holy Cross, 1940, with a degree of B.S.

in economics. He came to the Inn in 1940 and for the next five years worked for his Uncle Sam in the Army Transportation Corps, rising from private to major. He regards himself as particularly fortunate in being one of the only two surviving officers of his Corps who went through the Normandy invasion. The Germans picked these men off at every opportunity.

Returning to Winter Park in 1945 Mr. Cotter took up the hotel business with Mr. Hennessy and served with him both at the Sagamore and the Mt. Washington. This Fall he was ready to take over the direction of the Inn, and has been successful as few could in stepping into the shoes of Jack. Mr. Cotter lives with his wife and baby girl in the Inn cottage on Interlachen Avenue.
